Don't forget our handy worksheet in the comments section!

Music - I have added a 'Busy Beats' activity on Purple Mash

European Country Project - Have a look at this clip which shows a non-fiction information book all about mammals. Using the red book with the black pages, I would now like you to start your project. This will be ongoing through the half term, so please take your time and don't rush. I would like your book to have a front cover, a contents page, a series of chapters all about different aspects of the European country you have chosen and a glossary and index page at the back (don't worry about those yet, but just leave a few pages at the back for them). Look at the pages of the information book on the video and look at how they have used text, pictures, diagrams to make the information stand out. I would like you to try to do that also. Have fun and I can't wait to see them when we are all back together.

Have a lovely day

From Miss Davies
